In 2016, Young Judaea Sprout Westchester Day Camp was founded. We began not just as a summer day camp, but as an inclusive Jewish community in Northern Westchester. A place where a Jewish child could thrive and be at their very best. A place where everyone is welcome and encouraged and children could learn, grown, and explore. Most of all, where children could happy while making lifelong friendships.

Our staff are passionate about the work we do and believe it is a lifelong mission to work with children and help empower them to be their very best selves. Together the magic of a Young Judaea camp and your child equals the best summer experience.

Important Updates: New Protocols for Social Distancing

Due to the COVID-19 Pandemic, we have completely changed our camp structure to provide the safest possible environment to the participants as well as the community as a whole. We have also updated our policies to make them more accommodating to the current situation.
